Our produce

At Beeses we have a strong passion for buying local produce and using local suppliers. Furthermore, we endeavour to use fair trade, naturally reared and/or organic ingredients.

Our burgers are 100% Angus beef and made to order by Taste, our butcher in Barrow Guerne. The cattle are reared within a four mile radius of their premises, and the steak is hung for 28 days giving it more flavour and tenderness. Like the beef burgers, the lamb burgers and sausages are made to order, and contain no preservatives or additives.

What they say about Beeses...

"It's places like this which make this country great...still the most unique and picturesque alfresco drinking and eating experience thanks to its incredible location...there's simply no better place to relax on a sunny afternoon...quite possibly the quaintest, quirkiest establishment round these parts. They've been serving tea at this picturesque riverside setting for 150 years, and let's hope they're still doing so in another 150...this incomparably beautiful spot has an unmatched mood and mellowness. Beguiling, bewitching Beeses - it's the bees knees. Bob by and be besotted...makes Shangri-La look like Newport."
