## **About Beeses produce...**

We have a strong commitment to using good quality and, as far as possible, local and West Country products: we bake our own cakes, quiches and pies, make our own jam and red onion chutney, and our meat is locally sourced and supplied by Taste (based in Barrow Gurney), who insist on excellent husbandry. Furthermore, we endeavour to use fair trade, naturally reared and/or organic ingredients.

All of our suppliers are fantastic and are part of the team. Fresh Daily, who are based in Broomhill (you can't get more local than that!), provide us with fresh produce twice a day should we need it.

## **What they say about Beeses...**

"It's places like this which make this country great...still the most unique and picturesque alfresco drinking and eating experience thanks to its incredible location...there's simply no better place to relax on a sunny afternoon...quite possibly the quaintest, quirkiest establishment round these parts. They've been serving tea at this picturesque riverside setting for 150 years, and let's hope they're still doing so in another 150...this incomparably beautiful spot has an unmatched mood and mellowness.

Beguiling, bewitching Beeses - it's the bees knees. Bob by and be besotted...makes Shangri-La look like Newport."
